Due to annoying back problems mailing will commence in April until June, also late August, September and early October. I would be very grateful if you would please fill in the space for your e-mail address, if you have one, on the order form as this gives me the opportunity to discuss your requirements and to alert you that your plants are on their way. We are no longer using couriers after a few problems last spring. WE have switched to Royal Mail 24 hours who have been very reliable and are cheaper too!
Please make sure you claim your discount 5% if your plant order exceeds £50 and 10% if your order exceeds £100. Also you will see on the website we are offering additional discount on some of the plants not on the limited list.

Please make cheques payable to
Mrs. P. A Maasz

Up to 10 plants £6-00.
For bigger orders please check.
